

Access to LA MIRANDE

Attention please : Due to road works and to avoid to be misled by the GPS, please search by your navigator first for RUE BANASTERIE and then for PLACE DE L'AMIRANDE.

From Nice, Marseille or Lyon on the motorway A8-A7, take the AVIGNON NORD exit and drive towards AVIGNON CENTRE VILLE along the river on your right-hand side and then between the river and the old city wall (built by the Popes in the 14th century) on your left until gate PORTE DE LA LIGNE.

Through the gate, turn immediately right to follow the old city wall on the inside and then the entire RUE BANASTERIE a more and more narrow street leading to a busy little square with restaurants' terraces. Here, immediately right is the access to our pedestrian mall.

To lower the two bollards limiting the access please drive right up in front of them and call us through our bell button on the grey column to your left.

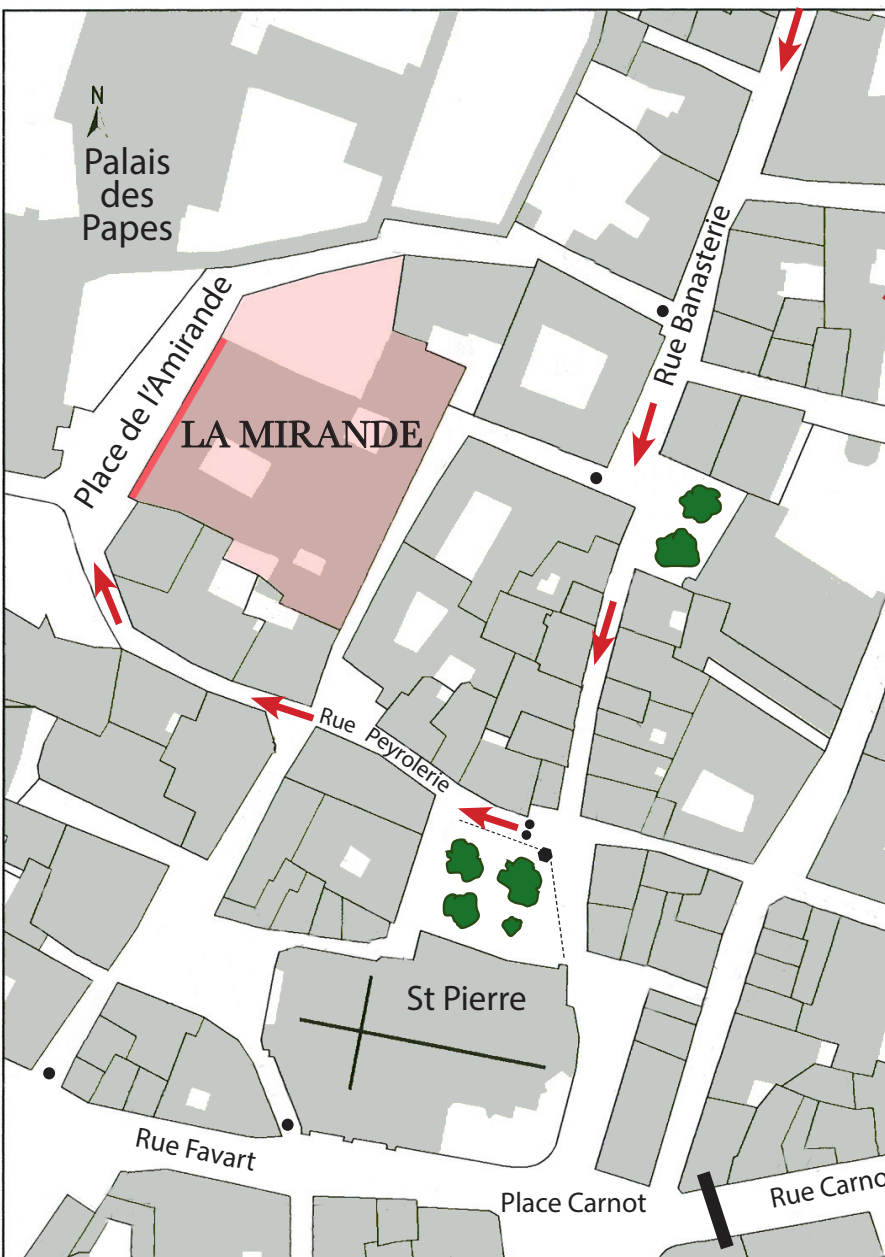

Please press the button firmly and we will answer your call; wait for the traffic light to turn from red to flashing yellow and drive straight on until you reach our square, PLACE DE L'AMIRANDE, which we share with the Popes' Palace.

Coming from anywhere else (TGV train station, ...) you can drive around the old city wall clock-wise until you reach the gate PORTE DE LA LIGNE, located where the river comes closest to the city wall.

If for some reasons PORTE DE LA LIGNE is closed (road works, moving, ...), an alternative access is possible through PORTE SAINT LAZARE and along the city wall all the way until RUE BANASTERIE.

If the upper portion of RUE BANASTERIE is closed you can still reach the lower portion through RUE BERTRAND (GPS).

On certain days the pedestrian mall is extended and controlled by traffic wardens. They might ask your name or our written confirmation of your reservation in order to drive on.
